HOMETOWN RIDES DAY

SATURDAY • APRIL 1, 2023

Put your hands on history and experience historic American military aviation up close! This one-day warbird event features a World War II aircraft with a story like no other: the famous paratroop transport That's All, Brother, the C-47 that led the D-Day invasion on June 6, 1944, leading hundreds of paratroopers into occupied France.

Five aircraft are offering cockpit tours and rides at the event, sponsored in part by General Aviation Services.

Participating aircraft include the world's only flying example of the ferocious SB2C Helldiver dive-bomber, the popular SNJ / T-6 Texan advanced trainer in which thousands of Texas airmen trained for combat, a B-25 Mitchell bomber, the aircraft that flew Doolittle's Raiders over Tokyo plus a twin-engine Navy transport in which the whole family can fly together. Don't miss this chance to see these noteworthy aircraft up close, or take the ultimate Living History Flight Experience and see Lake Conroe from the sky!

Warbird flights start as low as \$100 on the Navy transport. A "paratrooper's seat" on the famous D-Day paratroop transport That's All Brother is just \$275, and seats on the other aircraft are \$380 in the advanced trainer, \$375 for the Mitchell bomber, and \$1195 for the machine gunner's seat on the Helldiver dive-bomber.

Fans who want the ultimate warbird experience can make a reservation now for one of the limited number of 20-minute flights on the classic planes.
