Update (May 2019)

Air Traffic Numbers, Tower Operation

- 2019 Operations Counts Through March 2019
 - Total ops: 30,611 Local ops 41% Itinerant 58%, IFR 19%
 - VS 2018: Total Ops +31% - Local +42% - Itinerant +23% - IFR +13%

Projects/Updates:

- Parallel TWY Project – We have been delayed in the opening of the new portions of the taxiway due to sign panels not being ordered as advised. I will continue to give updates as I get them, but everyone needs to know that this is ultimately out of my hands and I am just relaying the updates

that I am given. This project is managed by TxDOT Aviation. I know that this is frustrating and I too am beyond frustrated with the progress of this project, but please bear with us.

- C.R. Dowell Way RD – No new update
- TWY F & TWY G Reconstruction – We are under contract with the engineering firm and will begin the design phase soon. We hope to have the design ready to bid for construction by the end of this year.
